VET FORMULATED · ANTIBIOTIC-FREE · GRAS · ALL NATURAL · MADE IN USA

PhytoCare® Ruminant Newborn:

- A preventative enteric application for all ruminate newborn animals
- Veterinary formulated to support natural enteric cellular development
- Polyphenols help to continue healthy natural cellular development at the intestinal and mucosal level
- Contains patented activated phytonutrients from selected plant extracts

DOSING INSTRUCTIONS:

READY TO USE

* 1cc per each 10 lbs. of body weight
* Start using Ruminant Newborn after initial colostrum for up to 21 days
* Add to milk replacers, drinking water or oral drench
* If severe osmotic diarrhea is seen use Ruminant GI-ReGain™ Solution or GI-Care paste

PRECAUTIONS: For animal use only. Once the new born calf has rumen activity the APM® treatment should be stopped and other intervention should be considered.

STORAGE: Protect from freezing, store in a cool, dry place out of direct sunlight. Temperatures of 40F to 80F. Keep container tightly closed when not in use. Shake before use.

ALL-NATURAL CONTENTS: PHT proprietary formulations of plant extractives containing: camellia sinensis, punica granatum and PC-BE3 fruit based phytogenic extract.

FOR USE WITH
DAIRY, BEEF, VEAL, GOATS AND SHEEP.
